MEMBERSHIP AND BUSINESS OVERVIEW

Pre-Paid Legal Services, Inc.

PRESENTED BY

MR OBINNA NDU

\$100,000+ income earner

"This opportunity has allowed me the privilege to retire from the corporate shackles at the age of 27. I drive a car most people only see in commercials. My family and I now live in a half million dollar house in New Jersey. I was able to buy my mom a brand new car and now I'm working on retiring her. I am able to help my brother pay his tuition at Yale medical school so he doesn't have to take out school loans. There is nothing wrong with trying and failing. The only wrong is not to try at all. Mr. Ndu is featured in the 2010 Profiles of Success!
